JOURNAL OF MARINE SYSTEMS

Contents Volume 7 1996

Publisher's Note v
Frontal enhancement of dimethylsulfide concentrations across a Gulf Stream meander
P.A. Matrai, D.J. Cooper and E.S. Saltzman 1
Dynamical adjustment of quasi-synoptic data sets in the Eastern Mediterranean: testing a full basin coastal methodology
M. Golnaraghi, C.J. Lozano and A.R. Robinson 9
A three dimensional hydrodynamic model of tides off the north-west coast of Scotland
R. Proctor and A.M. Davies 43
Winter oceanographic conditions and water mass balance in the Northern Adriatic (February 1993)
A. Bergamasco, M. Gačić, R. Boscolo and G. Umgiesser 67
The coastal use structure within the coastal system. A sustainable development-consistent approach
A. Vallega 95

26th International Liege Colloquium on Ocean Hydrodynamics
S. Djenidi, J.C.J. Nihoul 117
Fine sediment deposits in shelf seas
J. Dronkers and A.G. Miltenburg 119
Changes in wave impact on the Flemish coast due to increased mean sea level
N.J. MacDonald and B.A. O'Connor 133
Gulf of Gdansk spring bloom physical, bio-optical, biological modelling and contact data assimilation
S.V. Semovski, B. Wozniak, R. Hapter and A. Staskiewicz 145
Spatial and temporal variability of phytoplankton biomass in upwelling areas of the northwestern Mediterranean: a coupled physical and biogeochemical modelling approach
C. Pinazo, P. Marsaleix, B. Millet, C. Estournel and R. Véhil 161
Nonlinear plankton dynamics and pattern formation in an ecohydrodynamic model system
H. Malchow 193
Sensitivity study of an upper ocean model in a coastal bay
J. Gan, R.G. Ingram and R.J. Greatbatch 203
Impact of freshwater on a subarctic coastal ecosystem under seasonal sea ice (southeastern Hudson Bay, Canada). I. Interannual variability and predicted global warming influence on river plume dynamics and sea ice
R.G. Ingram, J. Wang, C. Lin, L. Legendre and L. Fortier 221
Impact of freshwater on a subarctic coastal ecosystem under seasonal sea ice (southeastern Hudson Bay, Canada). II. Production and export of microalgae
L. Legendre, B. Robineau, M. Gosselin, C. Michel, R.G. Ingram, L. Fortier, J.C. Therriault, S. Demers and D. Monti 233
Impact of freshwater on a subarctic coastal ecosystem under seasonal sea ice (southeastern Hudson Bay, Canada). III. Feeding success of marine fish larvae
L. Fortier, M. Gilbert, D. Ponton, R.G. Ingram, B. Robineau and L. Legendre 251
The response of tropical Australian estuaries to a sea level rise
E. Wolanski and J. Chappell 267
Is DOC the main source of organic matter remineralization in the ocean water column?
D. Lefèvre, M. Denis, C.E. Lambert and J.-C. Miquel 281
Coastal/deep ocean interactions in the Black Sea and their ecological/environmental impacts
H.İ. Sur, E. Özsoy, Y.P. Ilyin and Ü. Ünlüata 293
The influence of the Agulhas Current on the adjacent coastal ocean: possible impacts of climate change
J.R.E. Lutjeharms and W.P.M. de Ruijter 321

Spreading pattern and mesoscale structure of Mediterranean outflow in the Iberian Basin estimated from historical data
G.I. Shapiro and S.L. Meschanov 337
The West African coastal upwelling filaments and cross-frontal water exchange conditioned by them
A.G. Kostianoy and A.G. Zatsepin 349
Climate-sensitivity of European marginal seas, derived from the interpretation of modelling studies
J.O. Backhaus 361
The Mediterranean Sea, coastal and deep-sea signatures of climatic and environmental changes
J.P. Bethoux and B. Gentili 383
Calculation of the climate dynamics characteristics in the coastal sea zone by the methods of hydrodynamic and probabilistic modelling
G.F. Safronov and O.I. Zilberstein. 395
Environmental changes in the western Black Sea related to anthropogenic and natural conditions
D. Aubrey, S. Moncheva, E. Demirov, V. Diaconu and A. Dimitrov. 411
Distribution of inorganic carbon and related parameters in surface seawater of the English Channel during spring 1994
M. Frankignoulle, M. Elskens, R. Biondo, I. Bourge, Ch. Canon, S. Desgain and P. Dauby 427

Call for Papers 435
